Concerning census, 1905.

DEPARTMENT OF THE INTERIOR,
UNITED STATES INDIAN SERVICE,

SAN JUAN SCHOOL, SHIPROCK, N.M.,
Nov. 18, 1905.

Hon. Commissioner of Indian Affairs,
WASHINGTON, D. C.

Sir:

I am in receipt of Office letter, dated Nov. 8, 1905,
ACCOUNTS, concerning annual census for 1905, and requesting that
the same be forwarded without delay.

In reply I have to say that it is an impractical and im-
possible undertaking to attempt a census of the Indians under my charge
with the limited force ^{of employees} at my disposal. The Indians are scattered
over a territory of five thousand square miles, and many are living
off the reservation; no rations or annuities are paid these Indians
and no roll has ever been made to my knowledge. To secure a census
in the manner required would necessitate a large expenditure of money,
with the chances against securing anything like an accurate census of
these Indians, for the reason that they are constantly moving about
from one part of the reservation to the other, very few of them have
names, and many persons have the same name; and for the further reason
that they are averse to giving their names and will not do so except
when an article is issued to them or payment is made for labor per-
formed, - and even then they are apt to give you any name but their own.

The women have no names at all, but are referred to as some-
one's mother, sister or wife; and only the older Indians are known by
original names. Others are referred to as so and so's son, grandson,
brother, nephew, brother-in-law, son-in-law, etc. As an example:

Hosteen Deal's sons are known as Hosteen Deal-be-ga; his sons-in-law as Hosteen Deal_bar-don-na; his mother as Hosteen Deal-bo-ma, and his other relative in like manner being referred to as Deal's brother, nephew, wife, daughter, etc., etc. Thus, a woman married to a nephew of Hosteen Deal might be referred to as Hosteen Deal's youngest brother's son's wife, etc. Again- any number of Indians are known as Hosteen Nez (a large or tall man), Hosteen Yaz-ya (a small man), Nes-kai-ha (a fat man), and others indicating physical characteristics, in which cases it is necessary to include the locality in which he lives to place him or indicate which of the several persons of the same name is referred to.

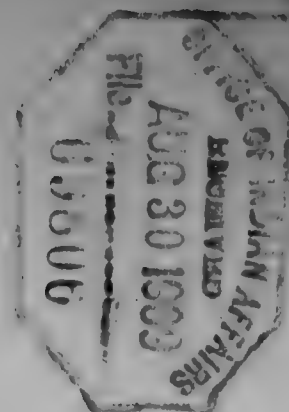

Hence, it is possible only to arrive at an undecided estimate of the number of Indians on the reservation by learning from the Indians themselves the probable number in each locality. It would be an undertaking of much time and considerable expense to even secure a correct and reliable record of the number and location of the several Indian settlements, as there are no doubt many settlements on and off the reservation unknown to any white man.

Very respectfully,

John S. S. S.
Supt. & S.D.A.

Subject:
Census of Indians.

DEPARTMENT OF THE INTERIOR,
UNITED STATES INDIAN SERVICE,

San Juan School,
Shiprock, New Mexico,
August 23, 1909.

The Honorable
Commissioner of Indian Affairs,
Washington, D. C.

Sir:

I have the honor to acknowledge receipt of Office letter of the 12th instant, "Land-Population. Circular 309, WHG" in which I am requested to prepare and forward for the records of your Office a conservative estimate of the number of Indians at this agency, it being impossible to get an exact census at this time.

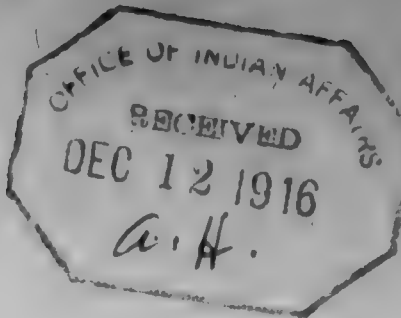

In reply thereto I have to say that the best estimate that has been made is as follows:

Males, all ages,	4000
Females, all ages,	4000
Total	<u>8000</u>
Males of school ages, 6 to 18 years	1300
Females of school age, 6 to 18 years	1200
Total	<u>2500</u>

25 The above is probably as accurate an estimate as can be made at this time. A large number of the Indians under the jurisdiction of this agency are personally unknown to me, they having never visited the agency premises, most of whom live a long distance from here.

Very respectfully,

W. T. Shelton
Supt. & S. D. A.

I hope to be able to submit this report about the middle of August. For reasons heretofore explained, I have to advise that it will not be practicable to submit a census of the Indians of this reservation.

Sir:

I have the honor to acknowledge receipt of office card of the 22nd. Inst., regarding census roll of the Inds of this jurisdiction for 1919 and, in reply, to advise that no census roll has been prepared.

With the number of employees & the means at hand the taking a census of the San Juan jurisdiction is practically an impossibility. With the expenditure of a considerable amt of money & the employment of outside help a few years since a census of the Navajo Indians was made. People who are in a position to know state that many of the Indians were missed. The estimates of the pop. of the res. run all the way from 6500 to 10,000. Many of the Inds. never come to the Agency & it is said that many of them are living in the outlying districts of the res. never see a white man except the Indian Service employees & the Ind. Traders. The population is continually moving in search of new pastures for their flocks & in different districts are known by different names.

For a further explanation of the conditions existing on this res. & suggestions re to the making of a census roll of our Inds. please refer to Mr. E. Stepi's letter of Dec. 13, last, "Circular No. 1580, Census."

Very resps.

My dear Mr. Estes:

Circular No. 1538 dated May 7, 1919, requesting that the census for the fiscal year ended June 30, 1919, be transmitted to this Office by July 1, 1919, was mailed your Office on May 26, 1919.

According to the files of this office, no report has been received to date.

In Office letter of January 14, 1918, you were advised that the taking of the census in question may be deferred, but all practical arrangements should be made for taking a complete census for the fiscal year ending June 30, 1919.

Dear Sir: I have the honor to acknowledge the receipt of the above cited letter of the 11th inst. relative to the proposed extension of the jurisdiction of the Court of Sessions to the County of London. I am replying thereto to advise you that the number of judges proposed for the Court of Sessions was an estimate. This was so indicated in the resolution which the Court transmitted.

In the letter of transmission received from the Court of Sessions, it is stated that the members of the Court of Sessions are not to be considered as public officers, and that their services are to be limited to the duties of the Court. It is further stated that the Court of Sessions is to be empowered to appoint and remove judges, and that the Court of Sessions is to be empowered to appoint and remove judges, and that the Court of Sessions is to be empowered to appoint and remove judges.

These provisions are intended to ensure that the Court of Sessions is able to function effectively, and that the members of the Court are able to perform their duties without any interference from the Government. It is further stated that the Court of Sessions is to be empowered to appoint and remove judges, and that the Court of Sessions is to be empowered to appoint and remove judges, and that the Court of Sessions is to be empowered to appoint and remove judges.

working over the resin for years. With few
exceptions it is a shifting pop. The Indians
move over the resin with their families & with
the death & migration of the last year's
have abandoned their former
ranges.

A conservative estimate of the
pop. of this reservation place. The
pop. at 6,500 but few more who have
remained in the neighborhood of the resin for
years say this is too low.

Recd 4 1918

Mr. Evan W. Estep,
Supt. San Juan School.

My dear Mr. Estep:-

Your annual report for 1918 shows a population of 6500 Navajo Indians under your supervision, and yet, according to the files of this Office, no census for the year has been received.

In this connection your attention is invited to section 9 of the Act of July 4, 1884 (23 Stat. L. 98), which requires Superintendents in charge of Indian reservations to submit annually a census of all Indians under Federal Supervision.

In view of these facts, the Office requests you to prepare a list (arranged alphabetically by families) of all Indians under your jurisdiction on Form 5-128, for the fiscal year ended June 30, 1918, and forward at the earliest time practicable.

Very truly yours,

Annual report. **DEPARTMENT OF THE INTERIOR**

UNITED STATES INDIAN FIELD SERVICE

San Juan School,
August 16, 1923.

The Honorable,
Commissioner of Indian Affairs,
Washington, D. C.

Sir:

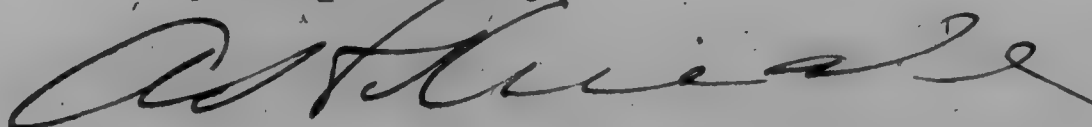

I have the honor to transmit herewith the statistical part of the annual report for this Jurisdiction for the fiscal year 1923. This report is submitted in duplicate.

When I took charge here, the 18th of July, I found this report had not been completed, and the information contained herein is the best I can secure from the records.

There is no census enclosed as there has never been a census taken of these Indians, and they are not allotted or enlisted in any way, and the census report is impossible unless a census could be taken, which would require more time and expense than could be justified.

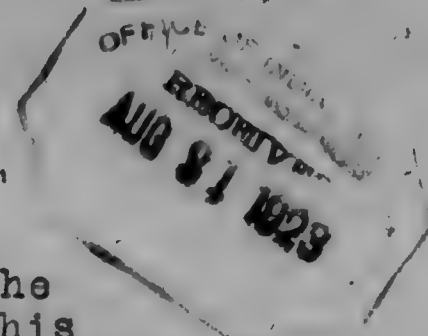

You will note from the reports from year to year that the census has not be included.

Very respectfully,

Superintendent.

DEPARTMENT OF THE INTERIOR
UNITED STATES INDIAN FIELD SERVICE

San Juan Agency,
Shiprock, N.Mex., Aug. 26, 1923.

The Honorable,
The Commissioner of Indian Affairs,
Washington. D.C.

Sir:

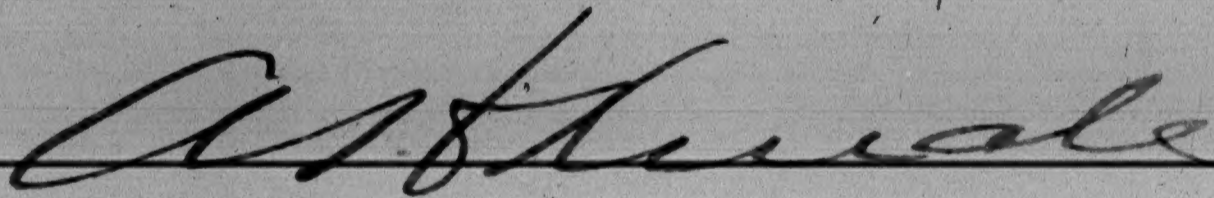

Receipt is hereby acknowledged of your card of the 16th instant, stating that the Annual census, Statistical and Narrative reports had not been received.

You are advised that the Statistical report was mailed you several days ago, and is probably in your office by this time; that no census report has been made at this Agency, for the reason that the Indians have not been listed, or allotted; that there is no means of making a report, unless, and until, a census is taken, which would require considerable time and entail much expense. Heretofore, the census report has been omitted.

It would be difficult for the Superintendent, who took charge here the 18th of July, to write a narrative report for the Fiscal year ending June the 30th. Realizing this, the present Superintendent took the matter up with the outgoing superintendent, who promised to write the narrative report.

A copy of this letter is being mailed the Former Superintendent, at Willets, California.

Very respectfully,

Superintendent.

JHC.

This letter evidently sent here by mistake as I also received a carbon copy of it. A part of the Narrative Section has been written and mailed to Shiprock for typing and the remainder will be forwarded in a few days.

Sir:-

There is transmitted herewith the Statistical Section of the Annual Report, in duplicate. The Narrative Section of same is now in the hands of the stenographer and will be forwarded before the 10th inst. To submit a census is impossible as no record is kept and to prepare a census would require months of time and the expenditure of a considerable sum of money.
